

How to update the firmware (Legend)

Step 1: Download USB_FD and Firmware

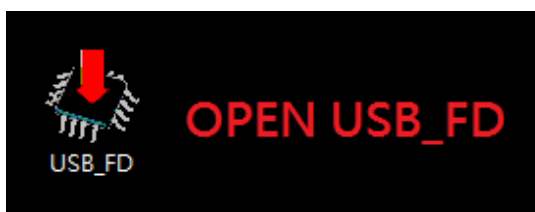

USB_FD Link: http://www.duckychannel.com.tw/software/USB_FD.exe

Firmware: Please enquiry support@duckychannel.com.tw

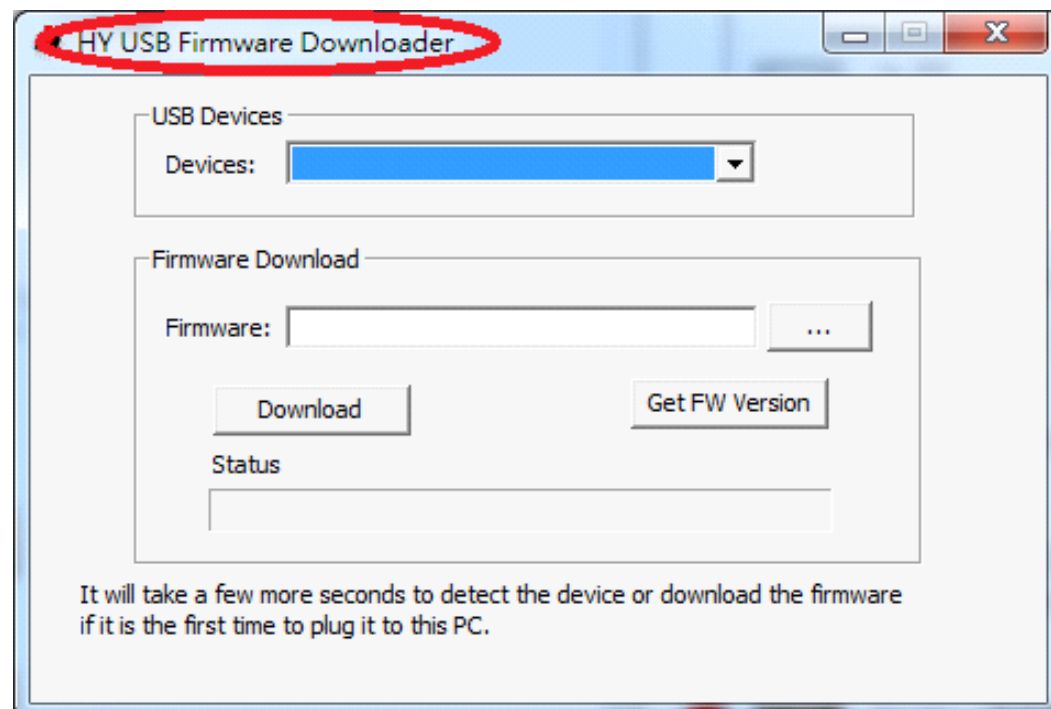

Step 2: Push the Keyboard into the USB port

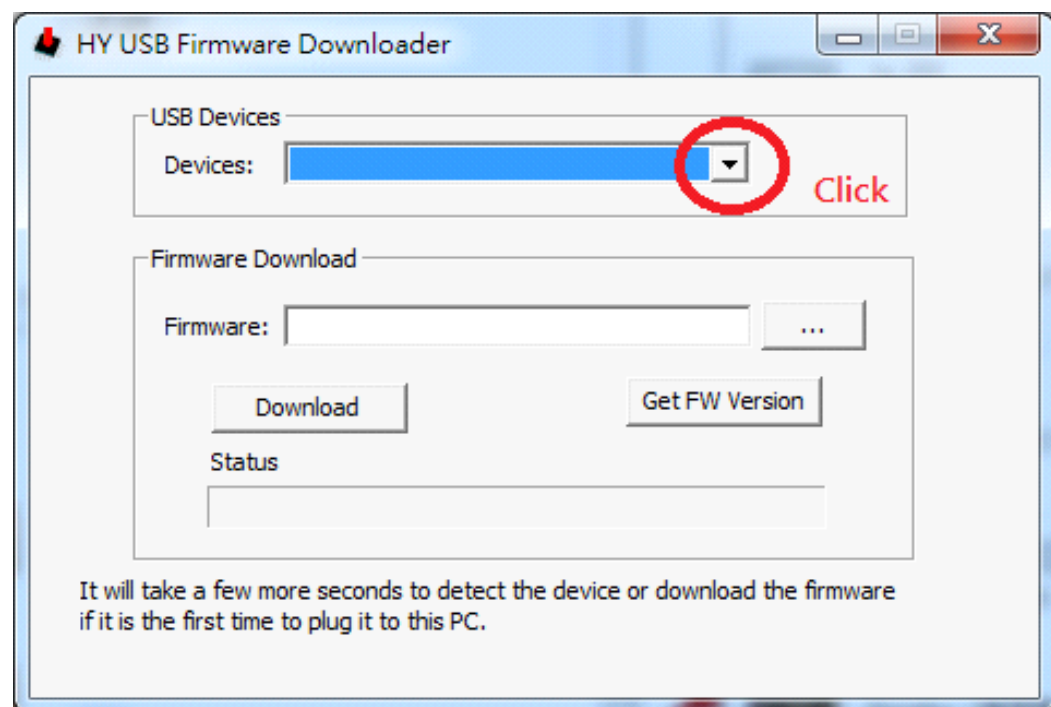

Step 3: Open USB_FD

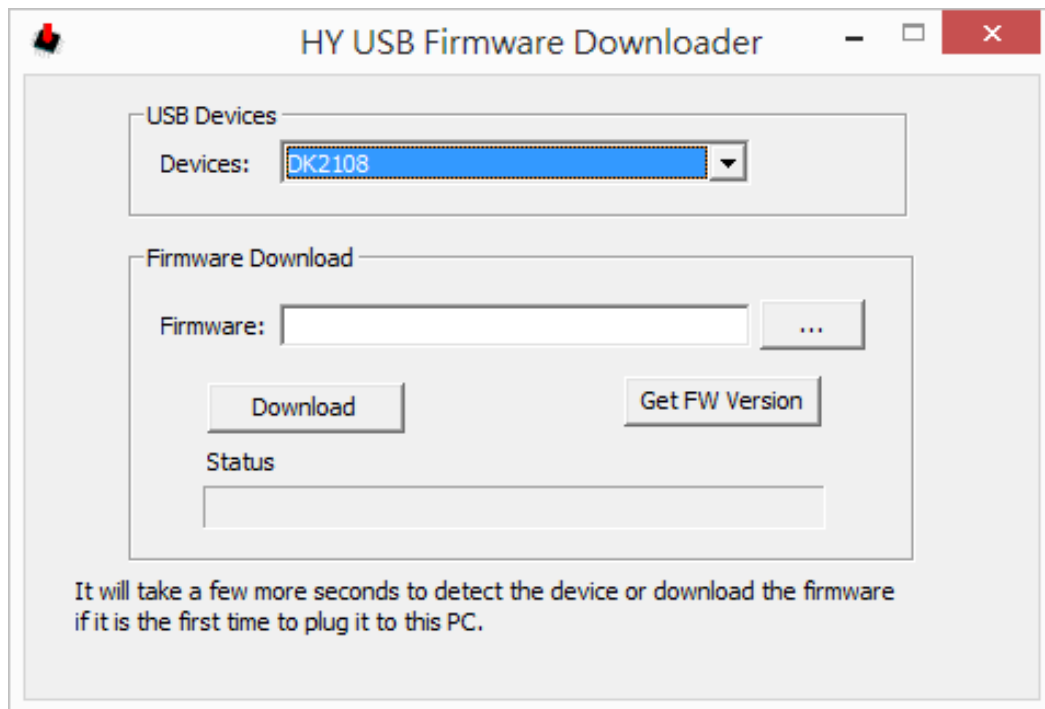

Step 4: Make sure to open the correct software

Step 5: Select your keyboard

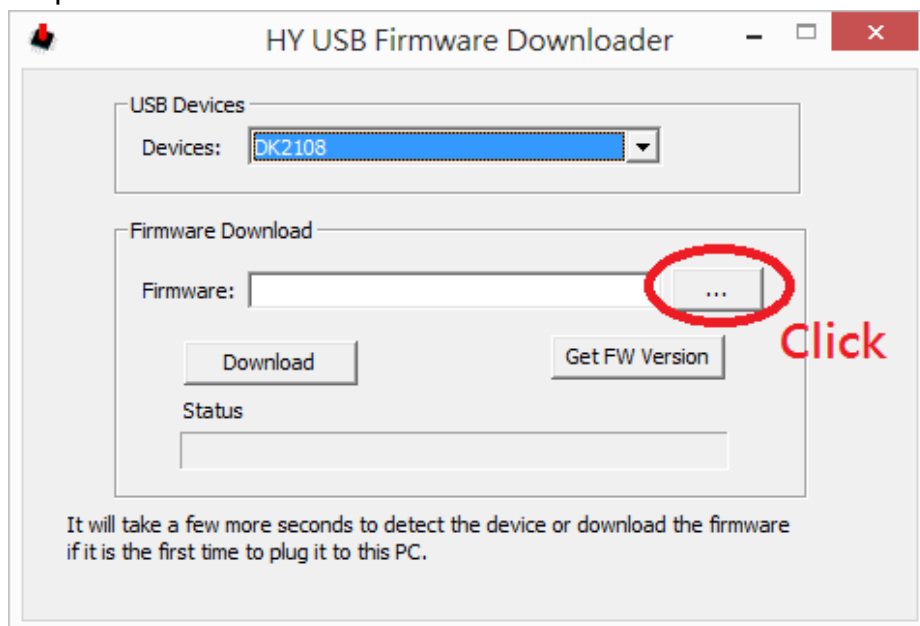

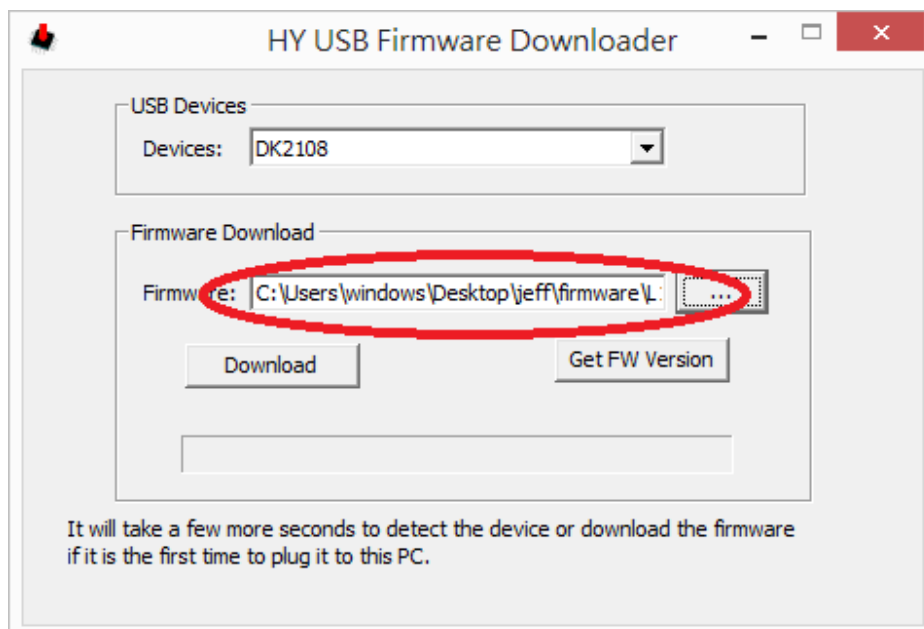

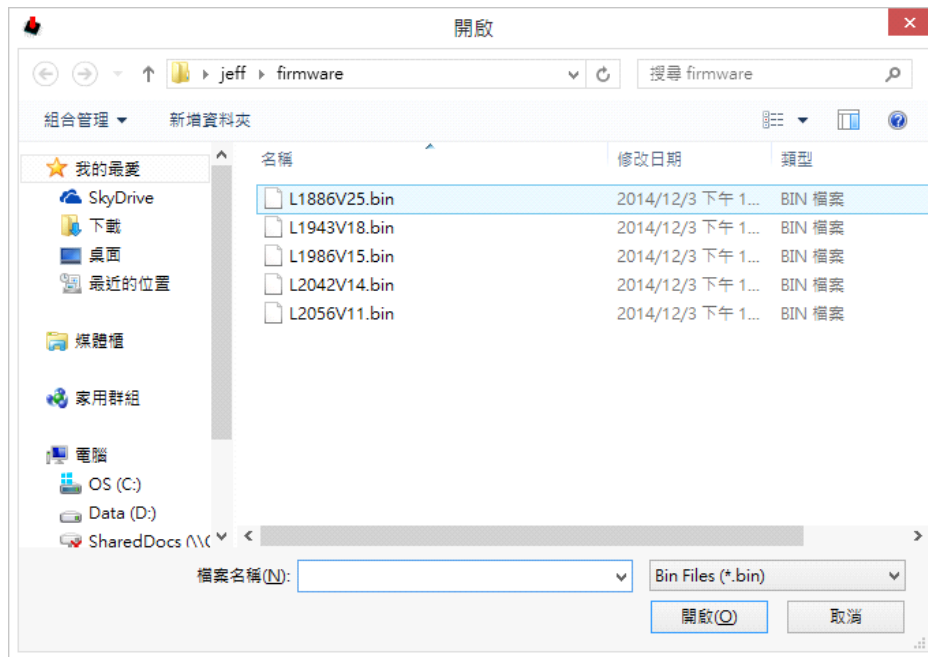

*Devices might be showing garbage characters, don't worry it's normal situation.

*Please do not update two keyboards at the same time. Make sure only one keyboard connects to the PC.

Step 6: Select Firmware

Step 7: Start update firmware
